The reversed Marshal help – Specialist from Norway converts obese US people to health and happiness!

During and after the Second World War - USA supports Norway with great financial and commodity support. Now, It' payback time.

There has to be a revolution regarding the fuel we are pouring into or multitrillion cells organism, our body. The lifestyle in Europe and in the US gain a lot of trouble for people's health and a lot of money for the industry who produce the food we eat.

You can change your lifestyle when you want! And to do that you need to understand HOW to do it, and you need to really WANT it to. This result is available for those who WANT, and by attending five days training in Spain with lections from some of the best open-minded doctors and specialist in Norway. They will guide you thru the information you need to understand what kind of fuel you should pour on the tank and what kind of mental control you need. The list with positive benefits this lifestyle would gain is endless - when you eat what your body is made for.

Your revolution start's in Spain with five days that change your life.
